

LITTLE ISLAND DRIVES OUT SPAIN.

Balabac, Philippines, Na-
tives, Massacre All
and Loot.

WIVES CARRIED OFF.

The Starving Half-Castes Beg
a British Shipmaster
for Aid.

The mountaineers of the island of Balabac, one of the smallest of the Philippine group, at the entrance of the Mindoro Sea, have stirred up an insurrection and conquered the island.

Not a Spaniard remains alive on this little dot of the Pacific, and all the women are captives, according to a letter received yesterday by Captain Johnson Spicer, of the ship George T. Hay, now lying at an East River pier. The letter was from his brother, Captain George Spicer, of the British ship Gloos Cap.

Captain Spicer writes:

"While passing through the Balabac straits, between Balabac and Banguey Islands, on April 2, a boat with a white flag approached the ship from Cape Melville lighthouse. The boat contained natives or Spanish half-castes, and they said they had not eaten in four days and that but a drop of oil remained to use in the lighthouse.

"All the Spaniards and most of the half-castes, they said, had been slaughtered by the mountaineers, and, worst of all, their wives had been taken captive by the invaders and hurried away to the mountain fastnesses.

"The survivors, the lighthouse men said, were in a starving condition, as the mountaineers had taken all the food. We supplied them with a week's rations and some oil."

BROKEN TROLLEY WIRE CAUSES A PANIC.

Motorman Severely Burned and
Three Passengers Injured in Their
Attempt to Get Out of the Car.

While trolley car No. 812 of the Brooklyn Rapid Transit system was at Jamaica and Dresden avenues at 10 o'clock yesterday morning the trolley wire broke and fell on the motorman, William J. Rooney, of No. 207 Woodbine avenue, knocking him severely and burning his hands.

The passengers became panic-stricken, and in the rush to escape from the car the following were severely injured: Carrie Franklin, twenty-four years old, of No. 229 East Twenty-fourth street, Manhattan, right arm and hip badly wrenched and bruised; Emanuel and Herman Foster, brothers, of No. 123 Second avenue, Manhattan, contusions of the body and limbs; Eva Allen, eighteen years old, of No. 304 West Thirty-first street, Manhattan, cut about the face. Other passengers were badly shaken up.

Ambulance Surgeon Collins, of St. Mary's Hospital, attended those who were most seriously hurt, after which they went to their homes.

CURRENCY COMMITTEES AGREE ON A PLAN.

Word Sent to McKinley That His Gold
Standard Policy Shall Have
Support.

Washington, June 19.—The Senate Committee on Finance and the House Republican Committee have agreed upon the currency reform legislation which will be sent to the President in New York and that he will have no opposition from the party to his outlined plan.

The President desires first of all, to establish the single gold standard as a token of his confidence in the money interests which gave him support.

The second object aimed at will be the extension of national banking laws, so that banks may have access to the full value of the bonds deposited at Washington as security for notes issued, instead of 90 per cent of such bonds as is now the case. It is proposed to allow the incorporation of national banks in small towns, on a capital of \$25,000, as the minimum instead of \$50,000.

Senator Aldrich, of Rhode Island, chairman of the Committee on Finance, has announced that an agreement has been reached.

LITTLE ONES BURNED PLAYING WITH MATCHES.

Prompt Arrival of Firemen Was All That
Saved Hoboken Babies from a
Horrible Death.

Four-year-old John Maduchak and his three-year-old sister, Lizkie, locked in their home on the third floor of the apartment house at No. 360 Second street, Hoboken, by their mother, played with matches, set the place on fire and but for the prompt arrival of the police and firemen would have been burned to death. As it was both were badly burned and at St. Mary's Hospital their condition was pronounced critical.

A pedestrian passing the house saw smoke issuing from the windows and turned in an alarm. The firemen found the boy trying to climb out the kitchen window. The little girl hid under the bed clothes on a bed and had thus escaped as severe injury as her brother suffered. Both children were rescued and taken to render their recovery doubtful.

TAR AND FEATHERS FOR A NEW SHERIFF.

Causes the Arrest of Three of the Mob
and Sues for \$10,000 Dam-
ages.

Haverhill, N. H., June 19.—Frank Yatter, a newly appointed Sheriff, was given a coat of tar and feathers here and has left town for the more peaceable districts of Vermont. Yatter came to live in Haverhill five months ago, and since that time has made himself decidedly unpopular.

Last Thursday Yatter and his clerk, a deputy, and the former arrested the latter on a charge of drunkenness. Yatter, the following day, was lured to the scene of a feigned disturbance, was roughly seized by a dozen of his enemies and treated to a coat of tar and feathers.

The next day Yatter brought suit against seven of his assailants for \$10,000 damages, and three of them, Lawrence Jordan, Newell O. Wright and Fred Hall, are now in custody.

MOB OUT THE ROPES OF "HOLYITES" GOSPEL TENT.

La Porte, Ind., June 19.—A mob of 500 boys and young men raided a gospel tent here in which the Holyites, a religious sect that came here two weeks ago, were holding services.

The police were for some time unable to control the mob. A hundred arrests will be made.

CHESAPEAKE TO BE NAMED BESS BRADFORD TO-DAY.

Miss Elise Bradford.

Uncle Sam's new training ship Chesapeake for the naval academy will be christened by one of his fairest daughters. She is Miss Elise Bradford, daughter of Rear Admiral R. B. Bradford, chief of the Bureau of Equipment. This honor was bestowed upon Miss Bradford by the Secretary of the Navy, who invited her to baptize the new fighting ship, which will be launched at Bath, Me., to-day.

The Chesapeake is intended for the exclusive use of the cadets at the naval academy, and will be one of the largest and finest sailing practice ships in the world. She will be remarkable for her great sail carrying power, her total sail area being 19,975 square feet. She is built of steel and will be heavily armored.

SHIRT WAIST ISSUE STIRS SHOP GIRLS.

Must Furnish Spotless Yale Man Has a Place in
Linen from Their
Own Wages.

Shirt waists were the backbone of a problem in arithmetic which the Women's Municipal Association of Newark endeavored their brains over yesterday. This was the problem:

"If a girl in an ice cream parlor is paid \$2.50 a week, and if her employer compels her to wear several clean shirt waists and aprons a week, how much money will she owe after she has paid her laundry bill?"

Puzzled as they would, the members of the association could not arrive on a row of figures to express the answer to this problem. They did agree, however, that the life of an ice cream waitress, or a girl in a restaurant or store in Newark, resembles that of a horse that walks round in a circle at the end of a pole, except that the horse is reasonably sure of food and lodging.

"It is interesting," exclaimed one speaker, "these girls work like slaves for clean shirt waists, and hardly anything else. They earn only \$2.50 a week, and yet their employers insist that they should be as spotless and starched as if they had nothing else in the world to spend money on."

Another speaker said that the "east coast" employers might do well to pay for the laundry work which they insisted upon.

The Committee on Public Health was instructed to investigate the matter thoroughly, and from the tone of the conversation on the subject the indications are that a protective association will spring out of this shirt waist grievance.

WILL PEDAL 3,000 MILES FOR A JOB.

New Haven, June 19.—After working his way through a preparatory school, then through a course at Yale, William H. Hood will be in his chronic condition of pennilessness next week when he is graduated.

But he will also be in his equally usual condition of mental and physical resourcefulness. Having an offer of a position in San Francisco, he will mount his bicycle, a commodity acquired by one of his characteristic strokes of genius—and ride across the continent to his new home.

Nobody who has observed Hood's cheerful persistence in the face of difficulties doubts that he will reach the Pacific coast in good order and that he will there, while working for a living, finish his studies in law and enter triumphantly into the profession that he has been aiming at since he learned to ride a bicycle.

To "get there" has always seemed a simple process with Hood. Last Summer he promised to pay a vacation visit to his cousin, Henry Bruce Teller, the son of the Colorado Senator. As usual, he had no resources, and all save his native wit; but he carried him through from his home in Brookfield, Vt., to Denver, and carried him back again to Yale when the time arrived for study.

This indomitable young man has energies to spare for purely unselfish work. He has done much charity work, and he has aided the Yale Mission in connection with the Yale Mission.

THIEF BROKE HER ARM, BUT SHE HELD HIM.

Mrs. Stanowitz Caught the Man Who
Tried to Steal Her Watch on a
Street Car.

Mrs. Julia Stanowitz, of No. 302 Wythe avenue, Williamsburg, had a terrific battle with an alleged thief on a trolley car of the Metropolitan avenue line early yesterday morning, during which her left arm was broken and there was a panic among the other passengers. During the encounter Mrs. Stanowitz was dragged from the car by her alleged assailant and was thrown heavily to the ground. Notwithstanding her injuries she kept a tight grip on the man and saw him landed in the station house.

Mrs. Stanowitz was coming home from a picnic in Queens County some time after midnight. At the corner of Metropolitan avenue and Roebbing street she felt a tug at her watch chain, made a quick grab and caught the hand of Tony Tan, an Italian, of No. 283 Mott street, in this borough. The fight and pincery capture resulted in the arrest of Tony Tan, who will be given a hearing in the Lee Avenue Police Court yesterday.

Notes of Society.

Dr. J. W. J. Gouley and the Misses Gouley will spend the Summer at York Harbor.

Mr. and Mrs. Herbert C. Pell came in from Tuxedo last week, and have been spending a few days at the Waldorf-Astoria.

Mr. and Mrs. H. H. Rogers, Miss Rogers and Mr. H. H. Rogers, Jr., are now at the Holland House.

The marriage of Miss Maude M. Proctor, daughter of Mr. William Henry Proctor, to Mr. Robert N. Proctor, of the same name, will take place at 4 o'clock tomorrow afternoon at the residence of Mr. Proctor, 100 West 42nd street, by Rev. Charles A. Kennedy, of Boston, will have an attendant, her sister, Mrs. Proctor, who will serve as a matron of honor. The Messrs. Woodruff and Howard Amory will be the bridesmaids. Mr. Proctor is a resident of Baltimore, and will be Mr. Proctor's best man. The Rev. J. Lewis Parks will perform the ceremony.

Mr. and Mrs. Sidney H. Salomon and family will sail for Europe early in July.

A dinner will be given to Judge Barrett at Delmonico's to-morrow evening.

The Empire State Society of the Daughters of 1812 were last night in session in the red garden at Delmonico's yesterday. Miss Josephine Mulford, who has made the largest list of names, was presented to the nation by the people of the United States, told of a work, and presented one hundred feet of sixty-five feet long, made of the finest material, and is 325,000 stitches in the flag, each representing a soldier in the army and navy during the recent war.

The Lachawanna Road is the short line to New York. Solid through vestibule train to Scranton, Binghamton, Buffalo, Cleveland, Ft. Wayne and Chicago. Lowest rates.

BRIGHTON BEACH FIRE DESTROYED THE BOILER ROOM AND CUT OFF ELECTRICITY.

WIND SAVED THE HOUSE

It Blew the Flames Away from
the Building—All the
Hose Burnt.

An on-shore wind saved the Brighton Beach Hotel last night from burning to the ground. The fire began in the boiler room about 9:30 o'clock. Its cause is unknown. The electric lighting plant was destroyed and candles were used to light the house last night.

Assemblyman Beach, proprietor of the hotel, from the roof directed the employees, who had got out the hotel hose, but one by one the three available lines burst in rapid succession.

The only thing left to do was to raze the boiler house. Accordingly volunteers were called for, and with hooks and axes they went at the building. The inner side of it was pulled down without much difficulty, but there was decided peril for any one that tried to get at the corner.

"Five dollars for every man that tackles the corner!" yelled the Assemblyman, and a force of men, forgetting the danger, went at the remaining corner. By this time the blaze was burning briskly toward the rear, where 150 guests waited upon the veranda for the result.

In the meanwhile the engines coming to the fire were having a hard time of it. When they got to the Brighton Beach they found the engine so heavy that they were forced to put back and try another road. This resulted in circling the race track, and a half an hour the fire burned unimpeded.

Before the firemen arrived Captain Gallagher, of the Sheepshead station, heard cries from the hotel on a level with the roof of the burning building. He climbed up there and found the two children of E. J. Schussler, a guest alone in their room. He took them down, little harmed, and a moment later the entire boiler house collapsed for the result.

With the arrival of the firemen the blaze was soon under control and at 11 o'clock all danger was past. The loss is about \$3,000.

DUNLAP SAYS HE'S AS GOOD AS ANY MISSION BOARD.

The Evangelist Will Appeal to the Law
to Guard His Right of "Free
Speech."

Evangelist Wilson W. Dunlap will enforce what he calls his "right of free speech" as soon as his attorney, Mr. Jesse Grant Roe, of No. 100 Broadway, has prepared the necessary papers.

Mr. Dunlap claims that the city authorities are not giving him the protection to which by virtue of his license he is entitled, and that the officials are in a way of mandamus compelling them to look after his safety.

"I have as much right to preach what I regard as the true doctrine as any of our church societies have to send missionaries into Africa," said Mr. Dunlap yesterday.

Mr. Jesse Grant Roe, counsel for Dunlap, expected that an effort would be made yesterday to have Dunlap's license revoked, and he was prepared to resist any attempt of this kind, but the matter didn't come up.

SAYS SHE WILL ESCAPE FROM THE ASYLUM OR DIE.

Julia Lichtner Is Taken to the United
Hebrew Charities Home Against
Her Protest.

Much against her will, pretty Julia Lichtner, twelve years old, who has been a prisoner on the Ellis Island lodging boat since last Friday, was obliged yesterday to accompany an agent of the United Hebrew Charities to the home in West One Hundred and Twenty-seventh street. Julia was detained at the Barge Office because the Board of Inquiry was not sure that her father, who jumped overboard at the Statue of Liberty, had taken out naturalization papers.

The United Hebrew Charities took a liking to the child, and she was handed over to the society, in spite of her protests, and also in spite of the fact that at least three families wished to adopt the girl. Julia said she would not remain in the Orphan Asylum, but would either escape or kill herself.

WANTS DIVORCE FROM A CIGARETTE FIEND.

Mrs. Healy Alleges That Paper Cigars
and Liquor Have Enfeebled the
Intellect of Her Husband.

Chicago, Ill., June 19.—Because, she alleges, her husband smokes cigarettes and uses intoxicating liquors excessively, Mrs. Minnie Healy has filed a bill in the Superior Court asking that she be divorced from Fred T. Healy. The bill sets forth that the defendant has continued the use of cigarettes and liquor until the habits have become firmly fixed and his will power so enfeebled that he apparently has lost all power to resist the temptation to indulge in them.

Brooklyn Brevities.

The trial of Mrs. Nora Jeffrey, charged with killing her father, Thomas Jeffrey, which was to have been begun in Brooklyn yesterday, has been postponed, and will probably be taken up September.

Margaret O'Brien, eighty years old, a pedler of candy, was killed yesterday by a Long Island railroad train at Atlantic and Vanderbilt avenues, Brooklyn.

John Schorn, thirty years old, of No. 2351 Atlantic avenue, may die of injuries received by being thrown from a trolley car on June 18, when he was struck by a car on Avenue 19, 1888, was rendered in the Supreme Court, Brooklyn, yesterday.

It was announced yesterday that Police Magistrate Stone, of the Flatbush Court, will be reappointed when his term expires on June 30.

He is the only Democratic police magistrate in the city.

Ten-year-old Emily Hicks, through her father, John Hicks, of No. 138 Hamburg avenue, Brooklyn, has brought suit for \$50,000 against the New York Electric Light Company, claiming that the company's wires knocked her down, June 14, 1898, and her right leg was broken.

A verdict of \$10,000 damages in favor of Frederick Holzworth, a baker, of No. 128 Third avenue, who sued the Nassau Electric Light Company for injuries received through being run down by a car on Avenue 19, 1888, was rendered in the Supreme Court, Brooklyn, yesterday.

A live pot in Alexander Baschky's building, which was exploded yesterday, exploded yesterday and set fire to the building. William Baschky, in trying to rescue a horse from the flames, received severe burns about the head and arms.

"Skeets" Martin, a jockey, was riding for "Pittsburgh" Paul, was before Justice Ash in the County Court, Brooklyn, yesterday morning on a motion to punish him for contempt in failing to obey an order to appear in supplementary proceedings. The case was adjourned for a week. Assemblyman Hoffman, of the Mazer Committee, who is Martin's counsel, says his client is a resident of California and not within the jurisdiction of the County Court.

The funeral of Mrs. Anna Dorisch, who was shot by her husband, Henry, on Saturday afternoon at No. 107 Irving avenue, Williamsburg, because she refused to live with him, will be held to-day. The burial will be in Lutheran Cemetery.

MRS. PALMER DECLINES LADY ASHBURN'S INVITATION.

Mrs. A. M. Palmer, of the Professional Women's League.

HER sympathy for women and her interest in their welfare have won unusual honor for Mrs. A. M. Palmer from the International Council of Women. She has just received an invitation from Mrs. Wilson, its secretary, writing for Lady Aberdeen, the president, to attend the council in London.

Mrs. Palmer was not invited as a representative of any club. She was asked, Mrs. Wilson writes, because of her kindly sympathy in the cause of women and her efforts to assist them. Mrs. Wilson informed Mrs. Palmer that she would be requested to speak upon philanthropy.

The invitation included the entertainments to be given by the Duchess of Sutherland and Mrs. Rothschild in honor of the members of the council. In declining, Mrs. Palmer wrote, "the only organization my heart and soul are in is the Professional Women's League. So many of the women who will attend the international council belong to it, that I feel it will be well represented."

DEWEY A LIFE MEMBER OF SONS OF VETERANS.

STILL ROOM FOR LOVING CUP DIMES.

Send a dime and own a share in the silver mine to be presented
to Dewey in the form of a Loving Cup.

No more than a dime will be accepted from any one person.

Address, Dewey Loving Cup Fund, P. O. Box 1572, N. Y. City.

While thousands of dimes have been rolling in to swell the Dewey loving cup fund the Sons of the Revolution have been planning to honor themselves and the Admiral in another manner, as the following letter explains:

Manila Bay, April 11, 1899.

Flagship Olympia.

Mr. Alex R. Thompson, Secretary New York Society Sons of the Revolution.

Dear Sir—I have the honor to acknowledge the receipt of your letter informing me that at the annual meeting of the Sons of the Revolution it was unanimously resolved to present to me a life membership in the society.

I have the honor to return signed and verified in duplicate the blank application for membership.

Very truly yours,

GEORGE DEWEY.

Following are more letters which enclosed dimes for the Loving Cup:

From Down in Tennessee.

I enclose a silver dime for the Dewey Loving Cup.

SARA T. EDWARDS.

Dimes and Best Wishes.

With our best wishes for our great Admiral and the Journal, I enclose seven dimes, representing our whole family.

R. MADER,
H. MADER,
FRED MADER,
HENRY MADER,
EDGEMOND MADER,
ED. ORO, E. MADER.

From Elsie and Hancock Dorr.

Enclosed find two dimes to go in the Dewey Cup from

ELSIE DORR,
HANCOCK DORR.

From the Beta Brewing Company.

John F. Beta sends a contribution from twenty-seven members of the brewing department of the Beta Brewing Company:

J. G. Freund,

ARTIST'S FINGER CURED A BUGLAR.

A blood red sunset caught the artist's eye of Painter Rufus Zogbaum as he looked from his studio window in his fine house on Luthers Hill, New Rochelle, yesterday. "All paint red," he determined, catching up palette and brushes.

"Burglars!" "Burglars!" screamed the servant girl, dashing into the painter's studio. A shadowy form darted through the hallway. Painter Zogbaum dropped his brushes and paint. Across the lawn, through the rear of his estate, he pursued in pursuit of the fleeing burglar. At the half-mile mark the chase ended.

"Hold up your hands!" demanded Mr. Zogbaum, extending long forefinger, snatched with silver paint, that was to have gone into the sunset scene. The silvered finger thrust like a pistol barrel. Up went the burglar's hands.

"Forward, march!" commanded the painter, with forefinger still extended. The burglar was marched ahead of Mr. Zogbaum to the power station of the Huckleberry road. Then the New Rochelle police arrived and locked him up.

THE SURGEON'S KNIFE ONCE BELIEVED TO BE THE ONLY CURE FOR PILES AND RECTAL DISEASES.

A Better Way Now Discovered Which
Cures Every Form of Piles
Without Pain or Incon-
venience.

Many people suffer the pain, annoyance and other serious results from piles, for years, and after trying the many lotions, salves, ointments and the many so-called cures without cure or relief, give up the hope of final cure, rather than submit to a surgical operation involving the intense pain and danger which a surgical operation involves.

Happily all this suffering is no longer necessary since the discovery of the Pyramid Pile Cure; a remedy which is approved by medical profession as being absolutely safe, free from any trace of opiates, narcotic or mineral poisons and which may be depended upon as a sure cure (not only relief) for any form of piles, whether itching, blind, bleeding or protruding. Some of the hundreds of cures recently made are a little short of marvellous, as a perusal of the following will demonstrate.

Major Dean, of Columbus, Ohio, says: "I wish to add to the number of certificates as to the benefit derived from the Pyramid Pile Cure. I suffered from piles for forty years and from itching piles for twenty years and two boxes of Pyramid Pile Cure has effectively cured me."

Dr. J. W. Meagan, of Leonardville, Kan., writes: "I have used one box of Pyramid Pile Cure and received more benefit and relief than from any remedy I had used in the past twenty years."

James Jamerson, Dubuque, Iowa, says: "I suffered from piles for six years; have just used the Pyramid Pile Cure and am a well man."

Mrs. M. G. Hinkley, 601 Mississippi St., Indianapolis, Ind., says: "I have been a sufferer from the pain and annoyances of piles for fifteen years, the Pyramid Pile Cure and the Pyramid Pills gave me immediate relief and in a short time a complete cure."

The Pyramid Pile Cure may be found at druggists at 50 cents and \$1.00 per package. A book on the cure and of all forms of piles will be sent by mail, by addressing the Pyramid Drug Co., Marshall, Mich.
